Patents

Patents 1 - 10 on **packets redirected to different server**. (0.12 seconds)[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

NHRP packet authentication method and NHRP server

US Pat. 6009102 - Filed Aug 13, 1997 - NEC Corporation

In other 55 words, the NHRP resolution request packet is **redirected** between ...
to adopt a policy of not redirecting NHRP **packets** between **different** domains ...

Method and apparatus for load sharing on a wide area network

US Pat. 6314465 - Filed Mar 11, 1999 - Lucent Technologies Inc.

For a symmetric flow of traffic in which **packets** from the clients to the caching
... that a specific number of connections are **redirected** to that **server**; ...

Content-aware web switch without delayed binding and methods thereof

US Pat. 6772211 - Filed Apr 30, 2002 - Transtech Networks USA, Inc.

18 **redirected** at the switch on the fly to the client. ... Since a **server** can be
selected on the fly, the handshaking **packets** can be sent directly to the ...

Telephone doubler arrangement

US Pat. 6320857 - Filed Jun 4, 1997 - Telefonaktiebolaget LM Ericsson (publ)

The method of claim 17, wherein said telephony connecting the **redirected** call
... orders the telephony **server** to activate the ser- exchanging IP **packets** of ...

Method and apparatus for dynamically shifting between routing and switching ...

US Pat. 5920705 - Filed Jan 30, 1997 - Nokia IP, Inc.

For any **packets** in a flow that is not **redirected**, a system node uses a ...
a host computer/**server**/workstation running a 25 subset of the system software, ...

Method and apparatus for dynamically shifting between routing and switching ...

US Pat. 5892924 - Filed Jan 31, 1996 - IPSILON Networks, Inc.

For any **packets** in a flow that is not **redirected**, a system node uses a default
... host computer/**server**/workstation running a subset of the system software, ...

Controlled communications over a global computer network

US Pat. 6226677 - Filed Jan 15, 1999 - LodgeNet Entertainment Corporation

The firewall may be implemented on a forced proxy **server** 130. ... proxying software
module and **redirected** to a **different** TCP port on the **server** 130. ...

Method and apparatus for transparently directing requests for web objects to ...

US Pat. 6389462 - Filed Dec 16, 1998 - Lucent Technologies Inc.

Responsive **packets** from the proxy cache are sent to proxy redirector 104 where
they are **redirected** to client 101-1. In establishing a TCP connection that is ...

World-wide-web server with delayed resource-binding for resource-based load ...

US Pat. 5774660 - Filed Aug 5, 1996 - Resonate, Inc.

HTTP redirection from the scheduler to the assigned **server** may be used after the

... the client is **redirected** to the assigned **server** by the load balancer. ...

Method and apparatus for seamless mobility between **different** access technologies

US Pat. 6826154 - Filed May 24, 2001 - 3COM Corporation

If it has temporarily buffered **packets** received from the **server**, ... In the normal state, the program **redirected** the get data message to the **server**, ...

Patents

Patents 1 - 10 on **packets may be scanned for viruses**. (0.17 seconds)[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Anti-virus agent for use with databases and mail servers

US Pat. 5832208 - Filed Sep 5, 1996 - Cheyenne Software International Sales Corp.
Messages that are sent and received internally never reach the proxy post office and so are never **scanned**. Accordingly, users **may** transmit **viruses** via ...

Content processor

US Pat. 6381242 - Filed Aug 29, 2000 - Netrake Corporation
Script engine 334 or other engines within content processor 100 have the ability to modify the contents of the data **packets scanned**. For example, **viruses** ...

Method and device for inoculating email infected with a virus

US Pat. 6910134 - Filed Aug 29, 2000 - Netrake Corporation
The state **may** be a final state indicating that a final conclusion has been ... the contents of the data **packets scanned**. For example, **viruses** can be ...

Learning state machine for use in internet protocol networks

US Pat. 7002974 - Filed Mar 28, 2001 - Netrake Corporation
Script engine 334 or other engines within content processor have the ability to modify the contents of the data **packets scanned**. For example, **viruses** can be ...

Storage based apparatus for antivirus

US Pat. 7216366 - Filed Nov 17, 2000 - EMC Corporation
Secondly, detecting **viruses may** involve complex pattern matching that is processor ... such as executable files, **may** not be **scanned** if the date of last ...

Obtaining user responses in a virtual execution environment

US Pat. 6594686 - Filed Mar 2, 2000 - Network Associates Technology, Inc.
However, if the file is an archive, then 20 a timer is started 108 and the is archive **scanned** 110 for **viruses**. But, because the archive can take a very long ...

Method and system for detecting **viruses** on handheld computers

US Pat. 6842861 - Filed Mar 24, 2000 - Networks Associates Technology, Inc.
After all files have been **scanned**, the antivirus conduit deletes the temporary copy of The virus detection system **may** also be used to eliminate **viruses** ...

System and method for selective communication scanning at a firewall and a ...

US Pat. 7076650 - Filed Dec 24, 1999 - McAfee, Inc.
Another subset of the received FTP communications is forwarded by the firewall to node 106, without being **scanned for viruses** by proxy 150. ...

System and method for routing and processing data **packets**

US Pat. 6717943 - Filed Jun 3, 1999
12 equals 1, processing control is passed to routine number twelve, which **may** in

one example, scan data **packets** for **viruses**. If bit number thirty-two equals ...

Protocol-level malware scanner

US Pat. 6772345 - Filed Feb 8, 2002 - Networks Associates Technology, Inc.

The protocol scan the data **packets** at the client level, which will not clog a

... LAN/WAN 206 is typically a pri- outgoing network traffic **may be scanned** by ...
